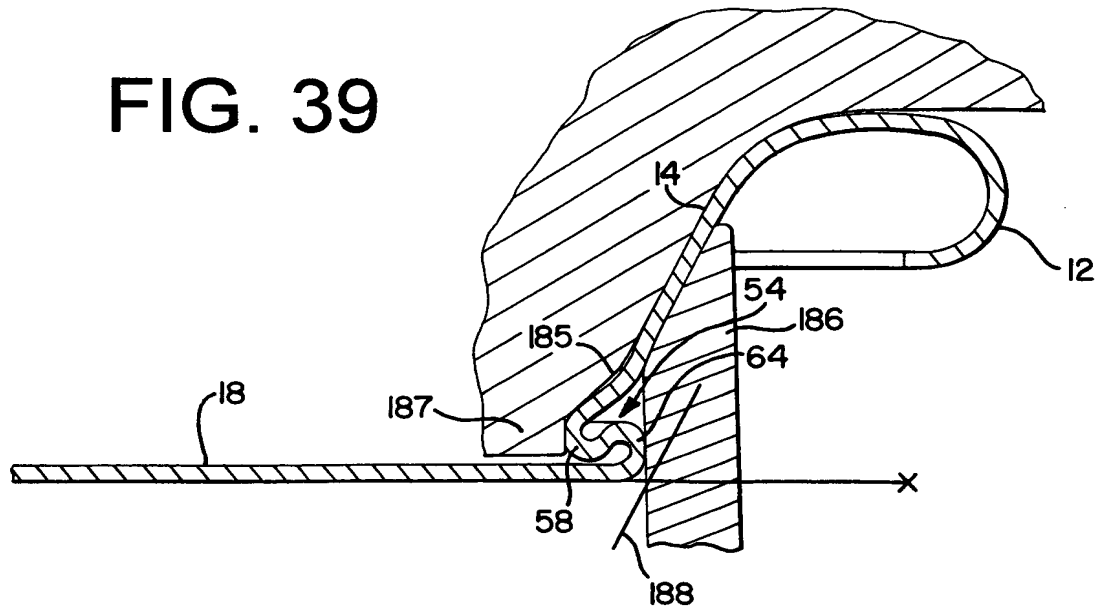

FIG. 40

A cross-sectional view of a device assembly. The assembly includes a base layer 18 with diagonal hatching. Above the base layer is a component 14, which has a curved upper surface 185 and a lower edge 187. A U-shaped component 12 is positioned above component 14. Below component 14, there are additional layers or structures labeled 54 and 64. A wavy line 58 is located between component 14 and layer 54. A vertical section 186 is defined by two vertical dashed lines 188. An arrow points from layer 64 towards layer 54.
